State Water Resources Control Board

NOTICE OF PETITION FOR TEMPORARY CHANGE INVOLVING THE TRANSFER/EXCHANGE FROM DEPARTMENT OF WATER RESOURCES PERMIT 16479 (APPLICATION 14443) AND THE SPECIFIED LICENSE AND PERMITS OF THE U.S. BUREAU OF RECLAMATION

On May 7, 2019, the Department of Water Resources (DWR), and the U.S. Bureau of Reclamation (Reclamation), collectively Petitioners, filed a petition for temporary change to transfer/exchange up to 436,720 acre-feet of water pursuant to California Water Code section 1725 et seq. The Petitioners request the temporary addition of the State Water Project (SWP) place of use downstream of Harvey O. Banks Pumping Plant (Banks) to Reclamation License 1986 and Permits 11885, 11886, 12721, 11967, 11887, 12722, 12723, 12727, 11315, 11316, 11968, 11969, 12860, 11971, 11973, and 12364 (Applications 23, 234, 1465, 5626, 5628, 5638, 9363, 9364, 9368, 13370, 13371, 15374, 15375, 15764, 16767, 17374, and 17376) and the temporary addition of the Central Valley Project (CVP) place of use downstream of Jones Pumping Plant (Jones) to DWR Permit 16479 (Application 14443). According to the Petitioners, the requested changes will allow them to more effectively and efficiently utilize the operational flexibility of the combined SWP and CVP facilities and water supply south of Banks and Jones. Approval of the petition will not increase the quantity or alter the timing of diversions from the Delta or the San Joaquin River. All exchanges covered by the petition will occur south of the Delta and will maximize the beneficial use of available Project supplies. The proposed transfers/exchanges involve: 1) Santa Clara Valley Water District; 2) Oak Flat Water District-Del Puerto Water District; 3) Kern County Water Agency; 4) Arvin-Edison Water Storage District-Metropolitan Water District; 5) Byron Bethany Irrigation District-Musco Olive Products Inc.; 6) Tulare Lake Basin Water Storage District-Westlands Water District, San Luis Water District, and Pleasant Valley Water District; 7) Department of Veterans Affairs' San Joaquin Valley National Cemetery; and 8) San Joaquin River Restoration Program Recaptured Recirculation Flows to Dudley Ridge Water District. The Petitioners have requested the temporary changes become effective on July 3, 2019. Temporary changes involving the transfer/exchange of water may be in effect for one year from the date of approval.

Pursuant to California Water Code section 1726(f), any interested person may file a comment regarding the petition. **Comments must be received by the Division of Water Rights by 4:30 p.m. on June 17, 2019. A copy must be provided to the Petitioners at the addresses below.** To obtain detailed information regarding the proposed transfer, you may view the petition and related project information by visiting the Division's website at:
